

**In re: NEWFLORIDA PROPERTIES CORP., DEBTOR.**  
**No. 02-10105-BKC-AJC**

Counsel for the Debtor in Possession advised the Court that financing had been obtained and a plan would be filed in September. The Court promised that it would sing a version of "September Song", in open court, if a plan was actually filed in September. The DIP thereafter filed a plan and, at a hearing before the Court, the Debtor moved *ore tenus* to schedule an expedited hearing on approval of a second amended disclosure statement and to shorten the time for the hearing on confirmation of the second amended plan and related deadlines. Fulfilling its promise, the Court sang its version of the "September Song" and granted the motion.
